

HOW TO COOK THE PERFECT PASTA

COOKING SUGGESTIONS

For 16 ozs. of Pasta: Bring a minimum of 6 quarts of water to a boil

(Use the same amount of water for smaller servings)

Add 3 tablespoons of salt to the 6 quarts of water

Add the pasta, leave uncovered, stirring frequently for the first 4 minutes, and occasionally thereafter

Continue to cook at high temperature according to the following table

MACCHERONI	12-13 MINUTES "AL DENTE"
PENNE RIGATE	11-12 MINUTES "AL DENTE"
SPAGHETTI	10-11 MINUTES "AL DENTE"
SPIRALI	11-12 MINUTES "AL DENTE"
FETTUCCHINE	11-12 MINUTES "AL DENTE"

Before draining make sure to taste the pasta to ensure the right consistency (for texture and salt)

If you prefer your pasta a little less al dente, just let it cook two minutes longer

Drain well and mix pasta again into the same pot used for cooking, adding 2 tablespoons of your favorite olive oil; stir well

16 ozs. are enough for 4 servings or 8 smaller portions

Add your favorite sauce to what will be consumed and save the rest in the refrigerator or freezer

THIS PASTA IS ALSO DELICIOUS WHEN REHEATED.

Ingredients:

Corn Flour, Rice Flour

Manufactured in a dedicated gluten-free facility.

(May contain Soy traces)
